4/17 mention "The War Tapes"

sablogs.com/index.php?blog=46 say The soldiers' unfailing candor and honesty defines the heart of this film. THE WAR TAPES is not afraid to show soldiers as fully compl cated human beings -this is not reality TV, and it's certainly not mainstream media coverage of the war. This is real war. These soldiers got the story the 2,700 embedded reporters never could.
